

Comments/Questions received after the Preproposal Conference

Question - Clause L.9(e)(1) requires submittal of financial statements for the three most recently completed accounting periods and the most recent 10K/10Q filings for the Offeror and every team member. This material for our team consists of ~1,400 pages. May we submit a single set of this material as an Addendum to Volume III and simply reference it in the original and 14 copies?

Answer – The RFP has been amended to provide Offerors with options for submission of the audited/certified financial statements when they exceed 100 pages.
